The MIR is for reporting investigations of alleged administrative misconduct. If reporting alleged criminal misconduct for which criminal charges are filed, use the Criminal Charges Notification (E-1) form. Generally, administrative misconduct investigations must be completed within 180 days and may not be terminated by the resignation, retirement, termination, death, or separation from appointment of a licensee. After the above sections are completed, submit this form to TCOLE at <u>misconductreport@tcole.texas.gov</u>. Attach additional pages or information as needed. Include documentation of the completed investigation in the licensee's appropriate personnel or department file. If currently under appeal or if after a subsequent successful appeal, submit an updated MIR when the appeal is concluded along with a letter of explanation.
