Agenda item #8, Discuss and take action on final orders of amendments to existing TCOLE rules.

- Final Amendment 1

§215.7 Training Provider Advisory Board (amendment)

Mr. Beauchamp explained that 215.7(i)(2), "set policies and procedures for the academy with the consent of the chief administrator", was the amendment to this rule.

Commissioner Lovejoy made a motion to approve Rule 215.7, Training Provider Advisory Board. Commissioner Hollingsworth seconded the motion. The motion passed unanimously.

- Final Amendment 2

§215.9 Training Coordinator (amendment)

Mr. Beauchamp noted that the proposed amendment removes enforcement of admission, attendance, retention, and other standards set by the commission from the training advisor to the advisory board.

Commissioner Lovejoy made a motion to adopt Final Amendment 2, 215.9, Training Coordinator. Commissioner Oakley seconded the motion. The motion passed unanimously.

Chief Michael Heidingsfield with the University of Texas System Police asked for assurance from the Commission that the amended language regarding the training academy advisory board will not diminish the role or authority of the chief executive of the agency. Executive Director Vickers said the wording was crafted to stress the importance of the advisory board and was never intended to reduce the authority of the chief administrator. Commissioner Lovejoy supported Mr. Vickers statement and stressed the importance of receiving input from those that you are serving, giving an outside perspective.

- Final Amendment 3

§217.1 Minimum Standards for Enrollment and Initial Licensure (repeal and new)

Mr. Beauchamp explained that this is a recodification of the telecommunicator standards, licensing standards, and enrollment standards under one rule for ease of use. Mr. Beauchamp requested an oral amendment to 217.1(a) to read: "In order for an individual to enroll in any basic licensing course the provider must have on file documentation that the individual meets eligibility for licensure . . . " with no changes to the remainder of (a).

Commissioner Lovejoy made a motion to approve the final amendment, Minimum Standards for Enrollment and Initial Licensure, including the non-substantive amendment. Commissioner Hollingsworth seconded the motion. The motion passed unanimously.

- Final Amendment 4
§217.2 Minimum Standards for Telecommunicators (repeal, incorporated in Final Amendment 3)

Mr. Beauchamp noted that Final Amendments 4, 217.2 and 5, 217.23 could be combined for vote as both are repeals with the rules now incorporated in 217.1.

Sheriff A.J. Louderback, Jackson County, asked to address the commission as the representative of the Sheriff's Association of Texas. He voiced concern with the job requirements for telecommunicators, specifically the Class B misdemeanors and the length of time it takes to have a waiver approved. Commissioner Oakley asked the sheriff if he's looking for a way to expedite the waiver process that is already in place. Commissioner Hester noted that at this time, all licensees, peace officers, jailers, and telecommunicators, are being held to the same standards and he's not sure that it's best to hold everyone to the same standards, especially when there are hiring difficulties in certain areas of the state. He would like for a review of the Class B for telecommunicators. Commissioner Pennington asked if criminal history is the main impediment for having a population of applicants, and what are the prevalent criminal violations. Sheriff Louderback stated that most criminal violations are Class B DWI and hot checks. Commissioner Oakley asked Mr. Vickers if he believed the topic has been vetted sufficiently among the affected organizations. The decision to hold telecommunicators to the same standards was vetted within the commission and the legislature started down the path of equal standards. The job of a telecommunicator is critical and they have access to very sensitive information. Discussion continued noting that the Class A & B requirements are rule, not law and it takes a minimum of 6-9 months to change a rule. Mr. Beauchamp noted that these standards have been in place and that nothing is new with this rule, other rules are just being codified under one rule. When asked if the staff can approve or deny waivers, Mr. Vickers said that the current waiver process precludes the appearance of subjectivity by having the Commission as a whole make the decision rather than one person making the decision. Commissioner Pennington asked about the scope of the problem, how many agencies have stated that this is problematic, to which the sheriff replied that it's an Association problem and he confirmed that he was speaking on behalf of the Sheriff's Association. Sheriff Brian Hawthorne, Chambers County, also addressed the Commission concurring with Sheriff Louderback concerning the hiring issues.

Sammye Cotton, Amanda Eads, and Sherry Decker spoke on behalf of the telecommunicators, asking that they be held accountable, and noting that lowering the standards is a step backwards. Telecommunicators handle sensitive information from the FBI, Homeland Security, TCIC/NCIC, and within the local community. The lives of citizens and first responders depend on the quality of the telecommunicators. Having stringent standards is a way to ensure quality and professionalism. Telecommunicators make life decisions on every call and they asked the commissioners to hold the profession to a higher standard.

After a brief break, the Presiding Officer confirmed with Mr. Beauchamp that Final Amendments 4 (217.2), 5 (217.23, and 6 (217.25) could be combined into one vote.

Commissioner Lovejoy made a motion to approve Final Amendment 4, 217.2, Minimum Standards for Telecommunicators, Final Amendment 5, 217.23, Basic Licensing Enrollment Standards, and Final Amendment 6, 217.25, Telecommunicator Enrollment Standards. Commissioner Oakley seconded the motion. Commissioner Villescas confirmed that there are no changes to these rules, just codifying what already exists. Mr. Beauchamp stated that there are no new standards in Final Amendment 3. Rules for basic licensing enrollment standards, minimum standards for telecommunicators, and telecommunicator enrollment standards were consolidated into one rule. The motion passed unanimously.

- Final Amendment 5
§217.23 Basic Licensing Enrollment Standards (repeal, incorporated in Final Amendment 3)
Included above
- Final Amendment 6
§217.25 Telecommunicator Enrollment Standards (repeal, incorporated in Final Amendment 3)
Included above

- Final Amendment 7
§221.13 Emergency Telecommunications Proficiency (amendment)
Mr. Beauchamp pointed out that subsection (d) (1), (2), (3), and (4) are added to the rule to include a master proficiency certification for telecommunicators.

Commissioner Oakley made a motion to approve. Commissioners Hollingsworth and Lovejoy seconded the motion. The motion passed unanimously.

- Final Amendment 8
§221.31 Retired Peace Officer and Federal Law Enforcement Officer Firearms Proficiency (amendment)
Mr. Beauchamp said that an update to subsection (c) removes obsolete rule cross-referencing. Commissioner Oakley made a motion to approve amendment 8. Commissioner Lovejoy seconded the motion. The motion passed unanimously.

Commissioner Hester requested that staff review what has been discussed and obtain input from other stakeholders. If they feel it is necessary, staff could return to the Commissioners with a rule change. Presiding Officer Richardson noted that what has been asked for is consideration for a faster or different waiver process for Class B misdemeanors for telecommunicators.

Agenda item #9, Discussion of and take actions on proceedings for revocation, suspension, and other disciplinary actions.
