**Agenda item 3, Receive reports and take action, if necessary.**

Interim Executive Director Beauchamp gave a recap of the Workshop discussion and gave updates on the recent Sunset Advisory Commission and the House Appropriations Committee hearings in Austin. Topics of discussion included recommendations on the creation of a Blue Ribbon Panel, the creation of small agencies, and positive public comments.

Director Grissom announced that TCOLE is currently recruiting an instructional designer and two Field Service Agents. Director Grissom informed that the Cardiac Emergency Communications course, required by HB 786 (87R), will soon be launched online in MyTCOLE and the system is being worked to identify course eligibility based on the completion of pre-requisite courses. Director Grissom discussed the potential revision of the basic and intermediate training coordinator course and the need for professional teachers and trainers to support the TCOLE mission. Director Grissom informed that the new L1 process flow chart has been distributed to Chief Administrators as a helpful guide.

**Presiding Officer Lemaux took a pause during agenda item 3 and moved forward to discuss agenda item 5.**

Director Capraro discussed the highlights of the data and results surveyed from the TCOLE Conference held in October 2022. I.T. is currently working on a major project of cloud migration which includes DIR and their vendor to build TCOLE's network within the DIR private cloud. This project is not expected to be complete until May 2023. I.T. has one vacancy to complete the development team. There was discussion on the innovation portion of the agency's strategic plan, including the learning management platform and a widely compatible external application to identify prerequisites that can report back to TCLEDDS. Director Capraro informed the deadline for Racial Profiling filing and all Chief Administrators have been notified by email. TCOLE will ensure 100% compliance.

Major Vineyard discussed ongoing projects with training noncompliance being the number one focus. TCOLE has continued to meet with agencies who had the largest number of violations and how to help reduce it. Enforcement continues to work on improving direct licensee contact and targeted plans to help identify licensees with previous reprimands and reduce the risk of disciplinary action. Major Vineyard and Director Capraro have met with different vendors for a case management system.

Director Grigsby discussed the ongoing Sunset process. The Sunset report was released on November 17, 2022, and had the same findings and recommendations as the 2020 report with the exception of actions taken and progress made since. Director Grigsby informed that TCOLE is actively working on the Rap Back process. Bill filing started on November 14: with 920 bills filed on the first day. Director Grigsby also discussed suggested changes

to the BPOC. Director Grigsby informed that agency testimony in committee hearings has been well received and the agency continues to hold follow-up meetings with legislators. The agency is currently awaiting Sunset staff recommendations and modifications to be voted on in the final decision hearing on January 11, 2023. Director Grigsby gave a brief overview of additional relevant legislation filed on topics, such as training and accreditation, and informed that Executive staff continues to meet with bill authors. An awards judging panel is being assembled and a reminder was given to submit nominations for the 2023 State of Texas Law Enforcement Achievement Awards by January 15, 2023.

Director Roth gave an agency update on the second quarter of fiscal year 2023. The agency has hired six new employees and currently has seven vacancies for a total of a 10% vacancy rate of the agency's total FTE count. Director Roth gave an update on the school marshal grant program stating that the agency is currently on its third iteration and TCOLE will either acquire an additional \$40,000 through additional grant funds or through an exceptional item. Director Roth provided additional general updates on the agency's renewed property insurance, end of year items and W2s, strategic fiscal review and fiscal note requests, as well as conversations with the Sunset Advisory Commission and Legislative Budget Board to fund agency I.T. procurements.

Commissioner Atkins announced that there will be school marshal trainings held in January, March, and June 2023.

Commissioner Burruss made a motion to accept the reports. Commissioner Lizcano seconded the motion. The motion passed unanimously.

A break was taken from 10:51 a.m. to 11:21 a.m.
