

Job Posting: Assistant Communications Director

[Walker County Public Safety Communications Center \(WCPSCC\)](#)

Location: Huntsville, Texas

Position Type: Full-Time

Application Period: Open Until Filled

Pay Scale: \$65,676 - \$96,761

About the Position

The Walker County Public Safety Communications Center (WCPSCC) is seeking a dedicated, forward-thinking **Assistant Director** to help lead a high-performing 24/7 emergency communications operation. This role is ideal for an experienced public safety communications professional who thrives in a fast-paced environment, values operational excellence, and is committed to serving our community with integrity and professionalism.

The ideal candidate brings strong instructional design skills, a deep understanding of emergency communications, and the ability to analyze performance trends and drive continuous improvement.

Key Responsibilities

- Assist in establishing and implementing the Center's strategic direction and mission.
- Support operational procedures for call reception, call processing, dispatch protocols, and TLETS/NLETS operations.
- Participate in hiring, training, scheduling, performance evaluations, commendations, and disciplinary actions.
- Assist with annual budget preparation and purchasing in accordance with established guidelines.
- Research and recommend improvements to communications services and operational efficiency.
- Maintain strong working relationships with the Executive Board, Advisory Board, emergency service partners, elected officials, and the public.
- Respond to complaints, grievances, and operational concerns.
- Provide leadership, mentorship, and support to all subordinate personnel.
- Maintain comprehensive knowledge of Center policies, SOPs, FCC regulations, E911 procedures, and local ordinances.
- Perform duties under stressful, high-stakes conditions while exercising sound judgment.
- Perform all duties of a Public Safety Telecommunicator and Communications Specialist as needed.

Quality Assurance & Improvement

- Administer the Quality Improvement Unit (QIU) for call-taking and dispatch, including EMD, EFD, and EPD.
- Supervise and develop ED-Q / QA evaluators.
- Conduct call reviews, case evaluations, and protocol compliance assessments.
- Identify performance trends, potential liability issues, and areas needing remedial training.

Program Administration

- Maintain accurate training and QA records and certifications.
- Prepare reports, analyze data, and recommend program improvements.
- Assist with budget planning, training contracts, and instructor recruitment.
- Coordinate staffing needs related to training assignments.

Leadership & Interagency Collaboration

- Represent WCPSCC in meetings, committees, and interagency initiatives.
- Support accreditation efforts (IAED/NAED) and compliance with industry standards.
- Assist in developing and implementing operational procedures and protocols.
- Serve as a resource for employee or citizen concerns related to training or QA.

Minimum Qualifications

Required

- High school diploma or GED.
- Four or more years of experience as a telecommunicator, including training, QA, or supervisory experience.
- Ability to obtain/maintain:
 - TCOLE Basic Instructor License (within first year)
 - TCIC/TLETS Full Access
 - TDD/TTY Training
 - CTO Certification or equivalent
- Experience with EMD and EFD protocols.
- U.S. citizenship and strong English communication skills.
- Completion of a supervisor or management training course.

Preferred

- Associate degree in Public Safety, Education, Public Administration, or related field.
- Advanced TCOLE Telecommunicator Certificate.
- DPS TCIC/TLETS Associate Trainer.
- CPR Instructor certification.
- Emergency Dispatch Quality Improvement Specialist certification.

Knowledge, Skills & Abilities

- Strong understanding of emergency communications operations, CAD systems, and public safety procedures.
- Expertise in adult learning theory, curriculum development, and instructional design.
- Ability to analyze performance data and implement effective training or QA interventions.
- Excellent written and verbal communication skills.
- Proficiency with Microsoft 365, LMS platforms, QA software, and instructional technology.
- Strong time management, problem-solving, and decision-making abilities.

Working Conditions

- Work performed in an emergency communications center, office, and classroom environment.
- Extended periods of sitting or standing; use of computers and instructional equipment.
- Occasional lifting up to 35 lbs.
- May require travel for training, conferences, or interagency coordination.

How to Apply

Interested applicants should submit a completed county application, Personal History Statement, résumé, and supporting certifications by mail or email to:
