The Texas Commission on Law Enforcement (Commission) proposes amended 37 Texas Administrative Code §211.29, Responsibilities of Agency Chief Administrators. The proposed amended rule conforms with the amendments made by House Bill 33 (89R). It would require a chief administrator to submit a preliminary report within 45 days and then a final report within 90 days that evaluates the response by the law enforcement agency to an active shooter incident at a primary or secondary school.

Also, the proposed amendment would require a chief administrator to report to the Commission successful completion of personnel orientation and field training by a licensee. This will reduce delays for licensees in achieving basic proficiency certificates and will reduce administrative burdens for the Commission in issuing basic proficiency certificates. This will also allow the Commission to better track which law enforcement agencies are providing the required training to licensees.

Finally, the proposed amendment would require a chief administrator to report to the Commission that certain individuals do not meet the minimum standards for enrollment or initial licensure. This will help the Commission to sooner identify those who are potentially ineligible for a license.

Mr. John P. Beauchamp, General Counsel, has determined that for each year of the first five years this proposed amended rule will be in effect, there will be no foreseeable fiscal implications to state or local governments as a result of enforcing or administering the proposal.
