There have been a total of 24 Class A waiver requests. Twelve of the 24 were approved through the commission and 12 were denied before it got to the commission. Of the 24, 10 have been appointed. One was appointed and has been F5'd. There have been 12 Class B waiver requests. Eight of the 12 were approved and 4 were denied. One of the 4 was denied by the commission. All of the Class B waiver request that were approved have gone to work and not been F5'd.

Credentialing and Field Services Director Kenny Merchant noted that noncompliance letters were mailed to 1,200 agencies. The letters included 23,000 peace officers, 400 chiefs, and 2,400 telecommunicators that need training. Director Merchant discussed possible changes to TCOLE Rule §219.2, Reciprocity for Out of State Peace Officers, Federal Criminal Investigators, and Military Police. Commissioner Hester asked about how many of these applications we look at in a year. Director Merchant stated to the best of his knowledge there were about 150 a year.

Enforcement and Special Services Director Michael Antu noted that Racial Profiling was closed with 93 percent of agencies reporting. Director Vickers added that the law has changed and that there would be a penalty for an agency not filing a Racial Profiling report. There was discussion on what the penalty would be for not filing and if there would be a timeline to correct. The planned trainings under the School Marshal grant have been completed. An application has been submitted to renew the grant for a 12 month period to conduct six more classes throughout the state. There is legislation proposed to change some of the requirements for School Marshals. Since the last commission meeting six new agencies have opened, four of them being ISD police departments. The release of the Basic Peace Officer Course will be delayed due to legislative changes that may add courses to the BPOC. TCOLE anticipates knowing a solid release date in May. The new BPOC course will be approximately 690 hours for the proposed new course without any additions the legislature may add. Commissioner Hester suggested that the course be released after the legislative session and asked what the timeframe was to academies the make the transition. Director Antu stated that they would have 180 days to implement the new BPOC course. The Jailer course was rolled out successfully. Three hundred thirty new jailers have taken and passed the course. Twenty seven did not succeed on the first attempt. The Telecommunicator course is in final review. It is currently 40 hours with the addition of 24 hours of Crisis Communications. The proposed course will combine the two courses into the Basic Telecommunicator course that would make the proposed hours for the course 80 hours. TCLEDDS is being upgraded and is in beta testing. The current system will be brought down to get everything in place. Online services will be brought down until May. Commissioner Hester asked for confirmation that My TCOLE Accounts would be down. Director Antu stated that certificates would be processed manually. Director Antu also stated that email blasts will be sent to educate the users. There will also be an article in the Briefing.

Government Relations Director Gretchen Grigsby gave an update on the legislative session. There have been 47 bills filed that have a direct impact to TCOLE. Several of the changes are to the to the School Marshal program. Five new trainings are among the 47 filed.
