Terlingua Ranch Deputy Opening
South Brewster County, Texas

The Brewster County Sheriff’s Office currently has a deputy position open on the Terlingua Ranch in South Brewster County. The deputy in this position would be required to live and work on Terlingua Ranch. The schedule is flexible and (for the most part) left up to the deputy; it is responsive to the needs and activities occurring in the area. Generally, the deputy would work five days a week and enjoy two days off (some weekends) unless an exigency occurs. The deputy would be responsible for random patrols and taking a few calls for service within area. The deputy would be required to support and back-up the two deputies assigned to the Study Butte, Terlingua and Lajitas areas.

The ideal candidate would be a more experienced peace officer that is courageous and would not mind the isolation of being alone in a vast area of southern Brewster County, near the Mexico Border. The ideal candidate would be someone retired or on the verge of retirement that is wishing to slow down and enjoy law enforcement in the last frontier. We are looking for someone with an old fashioned work ethic that is not aggressive, with a “can-do” and “helping” character and attitude.

Please contact the Brewster County Sheriff’s Office at 432-837-3488 and speak with Administrative Assistant Judy Stokes for an application, if you’re interested.
